

The very existence of our EMS depends on you.

Port Matilda EMS
402 S High St
Port Matilda PA 16870

The first way you can help.

Imagine if YOU needed an ambulance, and this is all you got.

A box on wheels, full of equipment and medications to save your life, but no one there to use them.

Our EMS is in trouble, and people don't seem to notice and/or care.

With an older community facing more and more health problems, our EMS service is more important than ever before.

WE ARE IN A 'LIFE OR DEATH' SITUATION.

The Port Matilda EMS (PMEMS) is in critical need of manpower. **The company is down to 1 full-time EMT.** This year, *manpower is even more critical than budget.* Port Matilda is not the only EMS hurting for staff. This EMT shortage puts all EMS units in higher demand because there are fewer units available to take emergency calls.

Do YOU have an EMT certification?

What is an Emergency Medical Services membership?

The PMEMS membership will allow you to use our services for an emergency, with no out-of-pocket expense.

You often hear about struggling fire companies, EMS services are *not* immune to this battle. Your PMEMS membership is a vital part of the operating budget to maintain our service.

Supporting the PMEMS is the difference between having a local EMS service available *in our community* to readily come to your aid in a medical emergency, or, *WAITING* for a *distant company* to travel to your address.

Thank you

to everyone who purchased their PMEMS membership.

Annual memberships go a long way to help with operating expenses throughout the year.

*We also appreciate those who add a little extra as a donation to assist our EMS organization. **We want to be here to serve you!!***
